Re: Metering Requirements

Dear Mr. West:

This letter is in response to the meter readings and Prescott Pump receipt for meter repairs that you provided to the Department of Water Resources (Department) on January 17, 2008. It appears, without a site inspection, that you have resolved the issues included in Advisory Letter the Department sent to Wilhoit Water Company dated October 11, 2007. That Advisory Letter addressed various metering deficiencies for three small municipal water providers: 56-003004.0000 Dell's Water Company, 56-003005.0000 Blue Hills Farm No. 3 and 56-003006.0000 Yavapai Mobile Home Estates. At this time, it appears that the three small municipal water providers operated under the Wilhoit Water Company name have corrected the metering deficiencies and have met the requirements outlined in the Advisory Letter dated October 11, 2007.

If you have any questions please do not hesitate to call me.

Sincerely,

Jack McCormack
Water Resource Specialist
